

Dear Members,

We want to assure you that we take the health and well-being of our community, members, and associates very seriously. Like you, we're closely monitoring the quickly developing effects of the Coronavirus (COVID-19) pandemic.

We at NAFC are taking serious precautions in response to COVID-19 (Coronavirus).

Due to the "lockdown" or in the event of mass quarantine, we have implemented a system to work remotely in order to continue to serve you with little to no glitches or delays.

If you have yet to hear, Las Vegas is "going dark." Casino venues, restaurants, and entertainment venues are ordered to close to prevent mass gatherings.

NAFC has made a couple of decisions:

- NAFC will **not** be holding our Annual Conference in Las Vegas this year. We will be looking for a different location, and
- Due to the President's announcement that they do not expect to have a grasp on COVID-19 until approximately August, and air travel is not recommended at this time, NAFC is postponing its Annual Conference until Spring of 2021 while we search for a different location and venue.

We trust that you understand that we have made these decisions based upon the best interest of our members. We so enjoy seeing you every year at the conference, but not at the expense of the severe risk now taking place.

We thank you for your understanding and cooperation during this time. As stated, NAFC business will continue as usual with the exception of the Annual Conference. You will be notified well in advance when we secure a venue.

Please do not hesitate to contact us at [NAFC@ForensicCounselor.org](mailto:NAFC@ForensicCounselor.org) with any questions.

Sincerely,

Karla M. Taylor, President-CEO
